Experience the sensations of The Bay

Let us escort you on a full or half-day trip taking in the sights and tastes of beautiful Hawke's Bay.

EARTHQUAKE - We start with an informative commentary on the history of The Bay, and the great Hawke's Bay Earthquake which created the city of Napier.

ART DECO - The City was rebuilt and reborn in the Art Deco style which was the fashion of the era, and which gave the city its moniker of the Art Deco Capital of the World.

TWIN PEAKS - We visit the "Twin Peaks" to take in soaring views of the coastline and the country's second largest wine growing area. You'll know now why we call it "Hawke's Bay Wine Country".

SAVOUR - But our tours aren't just about sitting and looking - amongst others, we'll take you to the country's oldest winery, where you can sample the finest award-winning wines, and learn the history of wine-making in New Zealand.

SHEEPSKIN - New Zealand is famous for its lamb and wool products, so we take you to a sheepskin factory where you can see the process of transforming sheep skin into a variety of interesting products.

TASTE - Cheese, honey, chocolate, wine, gourmet tasting platter - you will experience the sensations of The Bay when you book with **Bay Tours & Charters**.
